UNIVERSITY OF LONDON, UNIVERSITY COLLEGE

REPORT OF THE UNIVERSITY COLLEGE COMMITTEE

(February 1910—February 1911),

WITH

FINANCIAL STATEMENTS

(FOR THE SESSION 1909-10),

AND

OTHER DOCUMENTS,

FOR PRESENTATION TO

THE SENATE.

LONDON:

PRINTED BY TAYLOR AND FRANCIS, RED LION COURT, FLEET STREET.

1911.

COLLEGE COMMITTEE

(For the Year ending February, 1911.)

---

*Walter Baily, M.A.
*J. Bourne Benson, B.A., LL.D.† (Chairman of the Managing and Budget Sub-Committees).
Professor J. Rose Bradford, M.D., F.R.S.†
Sir Edward H. Busk, M.A., LL.B.† (Vice-Chairman).
H. J. Clarke, L.C.C.‡
*Professor J. D. Cormack, D.Sc., M.Inst.Mech.E.
*Professor A. R. Cushny, M.D., F.R.S.
*K. R. Fletcher, D.C.L. (Past Master of the Drapers' Company).
*G. Carey Foster, B.A., LL.D., D.Sc., F.R.S.†
*T. Gregory Foster, B.A., Ph.D.† (Provost).
Sir A. Pearce Gould, M.S., M.B., F.R.C.S.
*The Hon. Rupert Guinness.
C. Hawksley, M.Inst.C.E.
*The Rt. Hon. Lord Herschell, M.V.O.
*T. Lambert Mears, M.A., LL.D.
*W. E. Mullins, M.A.
Professor J. A. Platt, M.A.
*Professor A. F. Pollard, M.A.
*The Principal of the University (Dr. H. A. Miers).
The Rt. Hon. Lord Reay, G.C.S.I., LL.D. (Chairman).
*Sir Felix Schuster, Bart. (Treasurer).
W. Arthur Sharpe.
A. T. Taylor, L.C.C.
*Professor F. T. Trouton, M.A., Sc.D., F.R.S.

---

* Member of Managing Sub-Committee.
† Fellow of the College.
‡ Since deceased.

ADMINISTRATIVE OFFICERS.

Provost.—T. GREGORY FOSTER, B.A., PH.D.*

OFFICE STAFF.

Secretary.—WALTER W. SETON, M.A.
Accountant.—ARTHUR J. SHORT.
Cashier & Ædile.—ALFRED E. G. ATTOE.
Senior Clerk.—L. R. BEARD.
Accounts Assistant.—J. G. H. HOWARD.
Junior Clerk.—G. WILLIAMS.
Confidential Clerks—FRANCES E. CRAGGS.; ETHEL L. BURR.; BESSIE G. GREIG.; DOROTHY B. HANDY.

LADY SUPERINTENDENT OF WOMEN STUDENTS.

MISS ROSA MORISON.

AUDITOR.

G. W. KNOX, B.Sc., F.C.A.

HONORARY SANITARY ADVISER.

Professor H. R. KENWOOD, M.B., D.P.H.

LIBRARY STAFF.

Librarian.—R. W. CHAMBERS, M.A.*
Sub-Librarian.—L. NEWCOMBE.
Assistant Librarian.—R. OFFOR.
Senior Library Assistant.—W. BONSER.
Junior Library Assistants—J. A. WILKS.; A. L. EDWARDS.
Cataloguing Assistant.—KATHLEEN WINCH.

STEWARD.

Colour-Sergeant H. BATCHELOR.

FOREMAN OF COLLEGE BUILDINGS.

W. H. WILLSTEED.

* Fellow of the College.

PROFESSORIAL BOARD.

Chairman.—T. GREGORY FOSTER, B.A., Ph.D.†

REPORT OF THE COLLEGE COMMITTEE.

STUDENTS AND FEES.

SESSION 1909–1910.

The total number of Students during the Session 1909–10 was 1572, being an increase of 124 on that of the preceding Session. These Students were distributed as follows:

	Undergraduate & Non-matriculated.	Postgraduate & Research.
Faculty of Arts (excluding Fine Art)	413	112
„ „ „ (Slade School of Fine Art)	205	—
Faculty of Laws	37	31
Faculty of Science	227	100
Faculty of Engineering	118	107
Faculty of Medical Sciences.....	149	73
	1149 +	423 = 1572

Of the 1149 Undergraduate and Non-matriculated Students, 391 were women and 758 were men; of the 423 Postgraduate and Research Students, 78 were women and 345 were men. There were 672 Internal Students of the University, compared with 589 in the previous year.

The total fees received for the Session 1909–10 (less £117 1*s.* 6*d.* fees returned owing to special circumstances) amounted to £24,880 14*s.* 0*d.*, an increase of £1,805 12*s.* 10*d.* on the previous Session.

THE CURRENT SESSION (1910–1911).

The numbers of Students who have completed their registration and paid fees up to December 31st, 1910, are as follows:—In the Faculties of Arts, Laws, Science, and Engineering, 1024, of whom 434 are new Students; in the Faculty of Medical Sciences, 135, of whom 61 are new Students. In the total number there is an increase of 119 as compared with the corresponding time last year.

The College fees received to December 31st, 1910, are £13,284 3*s.* 2*d.* in the Faculties of Arts, Laws, Science, and Engineering, and £2,053 5*s.* 6*d.* in the Faculty of Medical Sciences; showing a decrease of £384 6*s.* 4*d.* as compared with the corresponding time last year, at which time there was an increase of £1,204 17*s.* 6*d.* as compared with the corresponding time in 1908.

GENERAL FINANCES.

Financial Year 1909–10.

The Accounts for the year (1909–10) are printed at the end of this Report (see Appendix VI., pp. 67–79).

College Establishment Account.

The adjustments referred to in the last Report in the matter of Composition Fees have been made, and in the present Accounts the proportion due to subsequent years has been carried to a Suspense Account and does not appear in the Revenue Account of the year. The results of the year's working have been very closely in accord with the anticipations of the budget. The expenditure on Rates, Taxes, and Insurances was greater than the estimates by £214, and there was an unexpected deficit on the Refectory Accounts. These two items together account for the excess of expenditure over income, amounting to £286 10*s.* 4*d.*

Grants.

The Grants from the Treasury, the London County Council, and other bodies, are set out in full in the Accounts. The list of them (see Appendix I., p. 39) shows the extent to which the work of the College depends upon grants and upon the generosity of some of the great City Companies.

Re-arrangement and Re-equipment of Buildings.

The College is especially indebted during the past year to the London County Council for a Grant of £4,000 towards the cost of the work undertaken during the year in connection with the Re-arrangement and Re-equipment of Buildings, as well as for a Grant of £6,000 to the capital expenditure under the same head. Owing to these Grants, the debt of Capital for Re-arrangement and Re-equipment of Buildings has been reduced to £1,012 15*s.* 11*d.*, the total expenditure to the end of the year being £20,179.

Annual Subscriptions and Donations.

Annual Subscriptions and Donations (see Appendix I., p. 39) amounted to £679 0*s.* 6*d.*, of which £145 12*s.* 2*d.* was for special purposes.

The Current Financial Year.

No provision has been made in the estimates for the current financial year for continuing the scheme of Re-arrangement and Re-equipment of Buildings, as there are no funds available for the purpose. It is to be remembered, however, that in order to

complete the scheme of Re-arrangement and Re-equipment of Buildings, and thus to make full use of the buildings now at the disposal of the College, a further expenditure of about £6,000 is necessary. The work may be spread over two or three years. The works that are next in rota in connection with this scheme include the following:—

(1) The equipment of the recently reconstructed Museum of Egyptology for the purpose of providing suitable accommodation for the collections made by Professor Flinders Petrie.

(2) The completion of the equipment of the Department of Geology.

(3) Additions to the equipment of the several Departments of Engineering.

(4) Preparation and equipment of the rooms recently vacated by the Department of Botany for the Department of Zoology.

(5) The re-flooring and re-decoration of the South Cloisters and provision of new Students' Cloak Room.

(6) Do. do. for the North Cloisters.

(7) The re-flooring of the General Library, to be followed by re-decoration of the same and re-decoration of the Flaxman Gallery.

(8) Provision of Dressing-Rooms, Lavatories, and Bathrooms in connection with the Gymnasium.

It will be seen from the year's accounts that the ordinary revenue of the College cannot provide for this expenditure on Re-arrangement and Re-equipment of Buildings. The expenditure can only be met by Grants from public bodies and by Subscriptions and Donations from friends of the College.

In this connection, the Committee desire to call attention to the importance of maintaining and extending the list of annual subscriptions. Not only are such subscriptions a means of increasing the revenue of the College, but they serve a most important purpose in all applications to public bodies. The Treasury more particularly attaches great importance to the amount of local aid in making its grants to the College.

SCHOLARSHIPS AND OTHER DISTINCTIONS AWARDED IN THE COLLEGE.

A. *FACULTIES OF ARTS, LAWS, SCIENCE AND ENGINEERING.*

Andrews Entrance Scholarships (£30) :—
Classics :—R. M. Scott of St. Paul's School.
Modern Languages and History :—Emily A. Clouter of Paddington County Secondary School.
Science :—P. R. Coursey of Tollington School, Muswell Hill.

Andrews Scholarships for Students of one year's standing (£30):—
Classics :—M. Gollop.
Mathematics and Science :—H. C. Reynard.
Modern Languages and History :—W. Strang.
Additional Scholarship (£10) :—G. Davis.

Andrews Scholarship for Student of two years' standing (£15) :—
Eileen O'Rourke (Languages).

Benington Memorial Studentship :—Helen D. Smith, B.Sc.

Campbell Clarke Entrance Scholarship (about £40 a year, tenable for three years) :—Eileen O'Rourke of the City of London School for Girls.

Chadwick Scholarship and Gold Medal in Municipal Engineering (£100) :—C. R. Parker : *proxime accessit,* W. H. Hall (Silver medal).

Derby Scholarship, Zoology (£60 for two years) :—Dorothy M. Simmons, B.A., B.Sc.

David Hughes Scholarship awarded by the Institution of Electrical Engineers (£50) :—A. D. Peacock.

Donaldson Medal, Architecture :—C. Voysey.

Fielden Research Scholarship in German (£50) :—Margaret A. A. Körner.

Carey Foster Research Prize in Physics :—A. H. Laurence.

Gladstone Prize for Essay on "The Bayeux Tapestry" (£10) :—
N. L. Mackie : *Proxime accessit,* A. C. Dawes.

Goodall Art Scholarship (about £20 a year for three years) :—
G. B. Solomon.

Archibald P. Head Memorial Medal and Prize in Mechanical Engineering :—G. R. Baker.

Heimann Medal, German :—W. E. Collinson, B.A.

Hollier Scholarships (£60) :—
Greek :—G. F. Forsey, B.A.
Hebrew :—A. Plaskofsky.

Joseph Hume Scholarship in Jurisprudence (£20) :—M. McGuirk.

Joseph Hume Scholarship in Political Economy (£20) :—Gladys M. Broughton, M.A.

Jevons Studentship :—U. Y. Hsu.

Jews' Commemoration Scholarship (£15 per annum for two years) :—R. M. Clark.

Bunnell Lewis Prizes :—T. J. Cash, B.A.

Lloyd Scholarship, Political Economy :—T. B. Russell, B.A.

Malden Medal and Scholarship (£20) :—Louise W. Stone.

Melvill Nettleship Prize for Figure Composition :—R. Ihlee, M. G. Lightfoot, *equal.*

John Stuart Mill Scholarship in Philosophy of Mind and Logic (£20) :—Nathalie Ertel, B.A.
Additional Scholar :—Saida James, B.A.

Morley Medal, English :—G. Porteous.

Physics Research Studentships :—£60, R. G. Lunnon ; £40, W. B. Haines.

Quain Studentships :—English (£150 per annum) :—Gerald Gould, B.A. ; Biology (£100 per annum) :—E. J. Salisbury, B.Sc.

Quain Prize in English (£50) :—Gerald Gould, B.A. Essay on "The History of the Lyric."

Quain Law Professor's Prize of £12 for Essay on "International Treaties directly affecting Labour and their possible extensions" :—M. O'Sullivan : *Proxime accessit,* L. Shoetensack.
Prize of £10 (International Law) :—
H. Arias, B.A., LL.B. } £5 each.
Rosie Straus. }

Hester Rothschild Prize, History (£20) :—Catherine B. Firth, M.A.

L. M. Rothschild Prize, French (£20) :—M. P. Mayo, B.A.

Science Scholarship awarded by H.M. Commissioners for the Exhibition of 1851 :—E. N. da C. Andrade, B.Sc.

Slade Fine Art Scholarships (£35 per annum for two years) :—A. P. Allinson, S. Spencer.

Slade Fine Art Bursary :—Elsie M. Barker.

Tuffnell Scholarship, Chemistry (£80 per annum for two years) :—R. W. Pope, B.Sc.

Ellen Watson Scholarship in Applied Mathematics (£15) :—R. G. Lunnon.

West Entrance Scholarship in English and English History (£30) :—B. Groom of Stationers' Company's School.

B. *FACULTY OF MEDICAL SCIENCES.*

Schäfer Prize in Physiology (about £18) :—F. H. Scott, M.B., Ph.D.

Sharpey Physiological Scholarship (£105 per annum) :—C. Lovatt Evans, B.Sc.

Medical Entrance Exhibitions and Scholarships :—

Bucknill Scholarship (£141 15*s.*) and First Medical Entrance Exhibition (£57 15*s.*) : —

W. A. E. Karunaratne. } divided equally.
C. J. H. Sharp. }

Medical Entrance Scholarship (£57 15*s.*) :—H. A. Fawcett: *Proxime accessit*: E. A. L. Sansom.

UNIVERSITY EXAMINATIONS AND DEGREES.

THE COLLEGE COMMITTEE.

Sir William Collins and the Hon. Henry Lygon, who were appointed to the College Committee for the year beginning March 1st, 1910, were obliged to resign owing to the pressure of other duties, and were succeeded by Sir A. Pearce Gould and by Mr. H. J. Clarke, L.C.C. Dr. K. R. Fletcher, Past Master of the Drapers' Company, was appointed to the seat rendered vacant by the death of Mr. W. How.

DEATHS OF PERSONS CONNECTED WITH THE COLLEGE.

The College Committee record with regret the following deaths :—

Professor A. J. Butler (Professor of Italian since 1898; Barlow Lecturer on Dante).

Mr. W. How (a Member of the College Committee).

Dr. F. J. Furnivall (a former Student and Benefactor).

Mr. M. Carteighe (a former Member of the College Council and Life Governor).

Mr. Richard Pennington, J.P. (a Life Governor; Solicitor to the College; and Member of the Crabb Robinson Trust).

Mr. H. Weston Eve (a Life Governor and formerly Headmaster of University College School).

Professor Sydney Ringer (a Fellow; Emeritus Professor of Clinical Medicine; and Consulting Physician to University College Hospital).

Mr. Henry Lucas (a former Member of the College Council; a Life Governor; Chairman and Treasurer of the University College Hospital Committee).

Mr. H. A. Harben (a former Member of the College Council and a Life Governor).

Miss P. M. Darton (one of the first regular Women Students of the College and joint founder with the late Professor Henry Morley of the Old Students' Association).

Mr. H. J. Clarke (a Member of the College Committee).

Sir Francis Galton (founder of the Galton Laboratory).

HONOURS AND APPOINTMENTS.

The College Committee record the following as being the more noteworthy honours bestowed upon former Students and Members of the College during the past year :—

Sir Thomas Barlow, Bart., a Life Governor, has been appointed Physician in Ordinary to His Majesty the King.

The honour of a Baronetcy has been conferred upon Mr. Arthur Levy Lever, a former Student.

The honour of a Knighthood has been conferred upon Mr. A. Pearce Gould, Fellow and Member of the College Committee.

The Hon. Mr. Justice Scrutton, formerly Professor of Constitutional Law and History, has been elevated to the Bench and has received the honour of a Knighthood.

Sir Charles E. Schwann and Mr. J. F. Cheetham, B.A., former Students, have been created Privy Councillors.

Mr. Wedgwood Benn, M.P., a former Student, has been appointed a Junior Lord of H.M. Treasury.

Professor M. J. M. Hill has been re-elected Vice-Chancellor of the University, and has been invited to serve on the Mansion House Committee for providing a London Memorial to King Edward.

Professor Sir William Ramsay has been elected an Associate Member of the Académie des Sciences.

Sir Victor Horsley, a Fellow, has been elected a Foreign Associate of the French Academy of Medicine.

Professor E. Denison Ross, Fellow and former Professor of Persian, has been elected a Foreign Corresponding Member of the Hungarian Academy.

Professor A. F. Pollard has been elected to the Senate of the University.

Professor E. H. Starling has been awarded the "Astley Cooper" Prize at Guy's Hospital for his original investigations into the physiology of digestion; and has been elected a Member of a Committee appointed to enquire into the question of Colour Blindness in persons holding responsible positions at sea.

Professor J. A. Fleming has been awarded the Hughes Gold Medal and Premium of the Royal Society, in recognition of the value of his work in connection with Electrical Science and Measurements during the past thirty years, and especially for inventions and scientific work in connection with Radiotelegraphy.

Professor T. W. Arnold has been appointed Editor of the "Encyclopædia of Islam."

Professor Frederick Brown has been elected a Member of the Departmental Committee on the Royal College of Art.

Professor A. E. Housman has been appointed Professor of Latin in the University of Cambridge in succession to the late Professor J. E. B. Mayor.

Dr. L. A. Willoughby, Fellow, has been elected to the Taylorian Lectureship in German in the University of Oxford.

Mr. E. C. C. Baly, Fellow and Assistant Professor of Chemistry, has been appointed Grant Professor of Inorganic Chemistry in the University of Liverpool.

Dr. L. N. G. Filon has been elected a Fellow of the Royal Society.

Dr. A. Wolf has been elected a Fellow of St. John's College, Cambridge.

Dr. Heron, Research Fellow in the Galton Laboratory, has received the honorary degree of Doctor of Science from the University of St. Andrews.

Professor F. O. Bower of the University of Glasgow, formerly Assistant in the Department of Botany, has been awarded the Royal Medal of the Royal Society for his morphological researches in Botany.

Dr. A. Willey has been appointed to the Chair of Zoology in the McGill University, Montreal.

Dr. H. B. Fantham has been appointed Lecturer in Protozoology in the University of Liverpool.

Dr. D. S. MacColl, Fellow and former Lecturer on the History of Art in the Slade School, has been appointed Keeper of the Wallace Collection.

Mrs. Rhys Davids, Fellow, has been appointed Lecturer in Philosophy in the Victoria University of Manchester.

Dr. T. Lewis, Fellow, Dr. G. C. Mathison, formerly Sharpey Scholar in the Department of Physiology, Dr. Otto May, Dr. Sidney Russ, Dr. T. R. Elliott and Mr. F. J. F. Barrington, all former Students, have been elected to Beit Research Fellowships.

Dr. T. L. Pennell, a former Student, has received the Kaisar-I-Hind Gold Medal.

Mr. S. Hillelson, a former Student, has been appointed Professor of Mohammedan History in the Gordon College, Khartoum.

Former Students of the Chemistry Department have obtained the following appointments:—Dr. Otto Hahn, formerly Privat Docent in the University of Berlin, now Extraordinary Professor; Mr. F. L. Usher, Professor of Chemistry in the Government College, Mysore, India; Mr. A. C. Egerton, Lecturer in the Royal Military College, Woolwich; Mr. F. P. Burt, Lecturer in the University of Manchester; Miss von Wrangel, Assistant in the University of Strassburg.

Mr. C. H. Cunnington has been appointed Assistant Geologist to the Geological Survey of Great Britain, and Mr. H. S. Bion has been appointed Assistant Superintendent of the Geological Survey of India.

Miss Agnes S. Paul, a Fellow, has been appointed Head-mistress of the Notting Hill High School.

Mr. S. H. Wood, formerly Warden of University College Hall, has been appointed an Inspector for the Hornsey District under the Board of Education.

Dr. Edridge-Green has been invited to deliver the Hunterian Lectures at the Royal College of Surgeons.

Dr. M. Greenwood has obtained the post of Statistician to the Lister Institute.

Mr. R. C. F. Dolley has been appointed Lecturer in History at University College, Nottingham.

Mr. Claude Gilli has been appointed Lecturer in French at the East London College, and Mr. Louis Lailavoix Lecturer in French at Queen's College, London.

Mr. Clifford Sully has been appointed Lecturer in Experimental Psychology at King's College, London.

CHANGES IN THE PROFESSORIAL AND ASSISTANT STAFF.

Faculty of Arts.

1. Owing to the lamented death of Professor Butler, the Chair of Italian is vacant. Mr. Edmund G. Gardner has been appointed Lecturer in Italian for one Session, and Barlow Lecturer on Dante for a period of three years.

2. Professor Carveth Read has resigned the Grote Chair of Philosophy of Mind and Logic as from the end of the current session.

3. Professor A. E. Housman has resigned the Chair of Latin as from the end of the current session on account of his appointment to the Professorship of Latin in the University of Cambridge.

4. Professor W. P. Ker has been re-appointed Quain Professor of English for a further period of seven years.

5. Professor E. A. Gardner has been appointed Censor of Higher Civil Service Courses for the Session 1910–11.

6. Dr. T. Gregory Foster has been re-appointed Lecturer in English for a further period of three years.

7. Dr. T. G. Pinches has been re-appointed Lecturer in Assyriology for a further period of three years.

8. Dr. F. W. Thomas has been appointed Lecturer in Comparative Philology for the Session 1910–11.

9. Mr. A. Kahn has resigned his Lectureship in Commercial Methods as from the end of the Session 1909–10.

10. Mr. P. V. Thomas has been appointed Assistant in the Department of French in succession to Mr. W. G. Hartog.

11. Mr. A. G. Haltenhoff has been appointed Assistant in the Department of German.

12. Mr. Kenneth E. Kirk has been appointed Assistant to the Professor of Moral Philosophy.

13. Mr. L. Solomon has been re-appointed Sub-Dean of the Faculty.

14. The following Assistants have been re-appointed for the current Session:—

Architecture	Mr. L. Wilkinson (Assistant Professor).
Egyptology	Miss M. A. Murray.
	Dr. J. H. Walker.
English	Mr. R. W. Chambers (Assistant Professor).
Fine Art	Mr. H. Tonks (Assistant Professor).
	Mr. D. Lees.
	Mr. W. Russell.
	Mr. P. W. Steer.
Greek and Latin	Mr. L. Solomon.
Experimental Psychology.	Mr. J. C. Flügel.
History	Miss R. R. Reid.
Mathematics (Applied)	Mr. E. Cunningham.
	Mr. M. T. Ormsby.
	Mr. E. Sprague.
	Miss Julia Bell.
	Miss E. Y. Thomson.
Mathematics (Pure)....	Dr. L. N. G. Filon (Assistant Professor).
	Mr. J. H. Dibb.
	Mr. H. J. Harris.
	Mr. F. Jackson.
	Mr. A. R. Richardson.
Philosophy	Dr. A. Wolf.
Sanskrit	Dr. Mabel Bode.

FACULTY OF SCIENCE.

1. On his appointment to the Grant Chair of Inorganic Chemistry in the University of Liverpool, Mr. E. C. C. Baly resigned the Assistant Professorship of Chemistry, the Lectureship in Spectroscopy, and the Teachership of Chemistry to Medical Students held by him. Dr. W. B. Tuck has been appointed to give the Courses in Spectroscopy during the current Session.

2. Dr. W. C. McC. Lewis has been appointed Assistant in the Department of Chemistry.

3. Mr. D. Orson Wood has been appointed Assistant in the Department of Physics.

4. Mr. H. J. Harris has been re-appointed Sub-Dean of the Faculty.

5. The following Assistants have been re-appointed for the current Session :—

Botany	Dr. F. E. Fritsch (Assistant Professor).
	Mr. T. G. Hill (Assistant Professor).
	Mr. E. M. Cutting.
Chemistry	Dr. R. Whytlaw-Gray (Assistant Professor).
	Dr. S. Smiles (Assistant Professor).
	Dr. N. T. M. Wilsmore (Assistant Professor).
	Miss K. A. Burke.
Geology	Miss E. Goodyear.
	Mr. H. S. Bion.
Physics	Mr. A. W. Porter (Assistant Professor).
	Mr. N. Eumorfopoulos.
	Dr. A. O. Rankine.
Zoology	Dr. W. N. F. Woodland (Assistant Professor).
	Mr. C. H. O'Donoghue.

6. The following Demonstrators have been appointed :—

Chemistry :—Mr. F. P. Burt, Mr. A. J. Child, Mr. A. S. Clark, Mr. R. S. Cripps, Miss Maud Gazdar, Mr. C. D. V. Georgi, Mr. T. P. Hilditch (Organic), Mr. H. S. Patterson, Mr. W. G. Prescott, Mr. M. H. Renall.

Mathematics (Applied) ..... Mr. W. H. Cooper.

Zoology :—Mr. P. F. Macgregor, Mr. G. S. Sansom.

7. Dr. S. Smiles has been appointed a Member of the College Faculty of Science.

Faculty of Engineering.

1. The College Committee have continued for the Session 1910–11 the temporary arrangements for the work of the Chair of Civil Engineering. In accordance therewith Mr. H. Deans lectures on Railway Engineering; Mr. A. T. Walmisley on Waterways, Harbours, and Docks; Mr. W. N. Blair on Roads, Street-paving and Tramways; and Mr. M. T. Ormsby on Surveying.

2. The Electrical Engineering Department will shortly lose the services of Mr. H. M. Hobart, who has held the post of Lecturer in Electrical Design for two years, in consequence of his acceptance of an important position in the General Electric Company of America.

3. Mr. R. E. Middleton has been re-appointed Lecturer in Municipal Engineering.

4. The following Assistants have been re-appointed for the current Session :—

Electrical Engineering ..	Mr. G. B. Dyke.
Mechanical Engineering .	Mr. W. J. Goudie (Assistant Professor).
	Mr. H. P. Philpot.
	Mr. E. Sprague.

5. Mr. H. R. Tidswell was appointed Demonstrator in the Department of Mechanical Engineering, but has just resigned, having obtained an appointment in the Great Central Railway. Mr. W. A. Evershed has been appointed to succeed him.

Faculty of Medical Sciences.

1. Professor A. R. Cushny has been re-appointed Professor of Pharmacology without limit of time.

2. Dr. S. B. Schryver has resigned his Lectureship in Physiological Chemistry.

3. Dr. G. C. Mathison has resigned the Sharpey Scholarship in consequence of his having been elected to a Beit Research Fellowship. Mr. C. Lovatt Evans has been appointed Sharpey Scholar in his stead.

4. Mr. G. E. Waugh has resigned the position of Demonstrator in Anatomy and has been succeeded by Mr. E. K. Martin.

5. Mr. G. S. Hett has resigned the position of Assistant in Anatomy and Curator of the Anatomical Museum, and has been succeeded in both those offices by Dr. D. E. Derry.

6. Dr. Aders Plimmer and Dr. W. B. Tuck have been appointed Teachers of Chemistry to Medical Students for the current session in succession to Mr. E. C. C. Baly.

7. The following re-appointments of Assistants have been made for the current Session :—

Hygiene	Dr. F. N. Kay Menzies.
Pathological Chemistry..	Dr. F. W. Goodbody (Assistant Professor).
Physiology	Dr. W. M. Bayliss (Assistant Professor).
	Dr. G. A. Buckmaster (Assistant Professor).
	Dr. R. H. Aders Plimmer (Assistant Professor).

8. The following Demonstrators have been appointed :—

Chemical Physiology..	Mr. H. J. Page.
Histology	Mr. Harvey Webb.
Physiology	Miss Ruth F. Skelton.

9. Dr. A. O. Rankine and Dr. W. B. Tuck have been appointed members of the College Faculty of Medical Sciences.

REPRESENTATIVES.

The Senate have appointed the following representatives of the University in respect of University College :—

Professor W. P. Ker on the Governing Body of Stepney and Bow Foundation (re-appointment).

The Rev. Charles R. Job on the Governing Body of the Hampton Endowed Schools.

Mr. Claude Crompton on the Governing Body of King Edward VI. Grammar School, Chelmsford (re-appointment).

Professor H. R. Kenwood at the Birkenhead Congress of the Royal Institute of Public Health held in July 1910, and at the Congress of the Royal Sanitary Institute to be held at Belfast in July 1911.

Professor J. P. Hill at the Eighth International Zoological Congress held at Graz, Austria, in August 1910.

The Provost, Dr. J. Bourne Benson, and Mrs. John Hopkinson represent the College Committee on the Committee of Management of University College Hall, Ealing.

The Provost, Professor Pollard, and Professor Starling have been re-appointed to represent the College Committee on the London Intercollegiate Scholarships Board.

The Provost and Professor Pollard have been appointed members of the newly established University Press Committee.

BENEFACTIONS AND DONATIONS.

Several important Benefactions, of which the College Committee make grateful acknowledgment, have been received during the year.

In addition to the Grant of £4,000 made for the work of re-arrangement and re-equipment of buildings carried out during the Session 1909–10 (and referred to in the last Report), the London County Council made a Grant of £6,000 towards the capital expenditure already incurred for this purpose, reducing the liability on that account to £1,012 15*s.* 11*d.*

The Worshipful Company of Drapers have continued their generous support of the work carried on in the Biometric Laboratories under the supervision of Professor Karl Pearson.

The Worshipful Company of Carpenters have renewed their grant of £250 for the School of Architecture. A portion of it has been allocated to the provision of a Public Course on the History of Architecture.

The Chadwick Trustees have continued their Grant of £500 for Municipal Hygiene and Municipal Engineering.

The Crabb Robinson Trustees have shown continued interest in the support of the social life of the students of the College by making a grant of £150 towards the cost of the repairs to the Racquet Court, and a grant of £100 for the purposes of the new Athletic Ground.

The offer of Mrs. Norman Robinson to found a "Benington Memorial Studentship," referred to in the last Report, has been accepted, and the Trust Deed framed. Miss Helen D. Smith has been appointed the first Benington Student.

A sum of £50 was received from a benefactor, who desires to remain anonymous, for the purpose of instituting a Course of "Page May Memorial Lectures" in memory of the late Dr. W. Page May, Lecturer on the Physiology of the Nervous System, whose death was recorded in last year's Report. These lectures were given by Professor C. S. Sherrington, of the University of Liverpool. It is anticipated that a permanent "Page May Lectureship" will be founded.

An anonymous benefactor has, for a second time, promised to provide £50 for a Course of Lectures on Celtic Languages and Literatures by Professor Kuno Meyer.

Mr. J. Rose Innes, a Fellow, has presented a complete Joule-Thomson Apparatus for the Department of Physics, together with a sum of £40 to cover further additional expenses in connection therewith, which sum has been supplemented by an additional donation of £35 from the same generous benefactor.

Sir John Rotton has given a donation of £25 (i) to defray the cost of binding the set of the Reports of the Medical Officers of the Privy Council Office and Local Government Board, given by Sir Ernest Clarke for the use of the Hygiene Department; (ii) for the binding of any books or papers in the Barlow Library which may require such expenditure; (iii) towards the cost of the Dante Catalogue.

Mr. Wohlgemuth has made a gift of £20 to the Department of Experimental Psychology as a recognition of the help rendered to him by Dr. Spearman in the course of his work in that Department.

Professor Carveth Read has made a donation of £10 to the Department of Experimental Psychology.

A Member of the College Committee has given £10 to provide an additional Scholarship to be held in the current Session on the same terms as an Andrews First Year Scholarship.

Professor Thane has again made a donation of £5 for the payment of an Assistant Demonstrator in Anatomy for special work during the Easter Vacation.

"An Old Student of the Zoology Department" has given £2 10*s.* towards the cost of maintaining a month's table at Plymouth for the use of workers from the Department of Zoology.

The benefactions to the Libraries include:—books of special value, including a complete Library Edition of the Works of John Ruskin, and a complete set to date of the "Chroniken der deutschen Städte," presented by Professor W. P. Ker; a collection of Electrical Books of reference valued at about £150, presented by Professor J. A. Fleming on condition that they remain permanently in the Department of Electrical Engineering, and that the donor has free access to them during his lifetime; the complete works of Ranke and of Giordano Bruno presented by Sir John Rotton; eight works relating to Dante presented by Mrs. A. J. Butler; a copy of Les Collections des Documents inédits sur l'Histoire de France presented by the Minister of Public Instruction of the French Republic; and a collection of Oriental Manuscripts, mostly Arabic, presented, through Professor Barnett, by Mr. R. R. Steele.

A complete list of pecuniary grants made to the College during the year is given in Appendix I., p. 39. The Committee desire to express the obligations of the College to the Bodies making these grants.

PROPOSED NEW CHEMICAL LABORATORIES.

As stated in the last Report, the most urgent need of the College at the present time is the provision of new Chemical Laboratories. Considerable progress has been made in this matter during the year. The Special Committee formed by the Equipment and Endowment Fund Committee, with Sir Henry Roscoe as Chairman, has been at work during the year. The Mansion House Meeting that had been arranged for May last was necessarily postponed owing to the lamented death of his late Majesty King Edward the Seventh, and the operations of the Committee were, in consequence, suspended until after the Long Vacation.

His Royal Highness Prince Arthur of Connaught has most graciously accepted the office of President of the Fund for the new

Chemical Laboratories, and has thus aided the work of the Committee very effectively.

Notice of the intention of the Senate to exercise the option that they acquired in regard to the purchase of the site in Gower Place was kindly extended from December 25th, 1910, to January 31st, 1911. The requisite sum of £25,000 was raised by January 31st through the energies of the Appeal Committee, and by the timely and generous gift of £4,500 by Mr. Ralph C. Forster. Notice of the intention of the Senate to exercise their option has been given, and the purchase should be completed by March 25th.

With a view to utilising the site in the best possible way, the College Committee have entered into negotiations with the St. Pancras Borough Council for the purpose of making an application for the closing of Little Gower Place, which lies between the site to be purchased from Messrs. Maple & Co. and the present College boundaries. The St. Pancras Borough Council, having visited the site and fully discussed the matter, adopted the following resolution:—

> "That, if an application is made by the University College Authorities, at their own expense, to the Justices for an Order for the closing of Little Gower Place by the erection of gates at each end parallel with the College property, leaving the two pieces of roadway at the eastern and western ends thereof open for the use of the public, the consent of the Council will be given to the closing, provided that the College acquires the property in Gower Place and Little Gower Place, for which they have an option of purchase, for the erection thereon of Chemical Laboratories."

Steps will therefore be taken to obtain the necessary powers for the closing of Little Gower Place.

The estimated cost of the erection of the buildings is between £45,000 and £50,000. Donations are asked for for this purpose, in order that the buildings may be begun without delay.

ROYAL COMMISSION ON UNIVERSITY EDUCATION IN LONDON.

The Royal Commission on University Education in London referred to in the last Report has been actively at work during the past year, and has issued the first volume of Evidence, which is shortly to be followed by the second. The College Committee and the Professorial Board have appointed Sub-Committees for the purpose of preparing memoranda, or a joint memorandum, for presentation to the Commission.

THE WORK OF THE FACULTIES.

The further specialisation of the College Faculties referred to in the last two Reports (which has resulted in the institution of five Faculties, namely, Arts, Laws, Science, Engineering, and Medical Sciences) has continued to work satisfactorily. The office of Sub-Dean in the Faculties of Arts and of Science, which was instituted

experimentally in the Session 1908–09, has proved to meet a distinct need. Mr. Solomon and Mr. Harris have, therefore, been re-appointed Sub-Deans for the current Session.

It is impossible here to enter into the details of the work of the Faculties and to do justice to their many Departments. The Deans' Reports which are printed in the Calendar deal with the chief developments of the Session. Other more recent events are referred to below.

The Session 1909–10 was brought to an end with an Assembly, at which the Visitor was Sir Thomas Raleigh, K.C.S.I., who gave an address on the history of the College. A report of the proceedings is printed in the Calendar.

The Session 1910–11 was opened with the following series of Public Introductory Lectures :—

Prof. Sir William Ramsay on "Niton one of the Argon series of Gases."
Prof. E. J. Garwood on "The Origin of Scenery."
Prof. L. M. Brandin on "La poésie lyrique du moyen âge."
Dr. T. G. Pinches on "The Life and Times of Sennacherib." (Illustrated by lantern slides.)
Prof. A. F. Murison on "Earliest Developments of Roman Law."
Dr. C. Spearman on "Recent Investigations into the Mental Growth of Children."
Prof. Carveth Read on "Instinct."
Prof. L. W. Lyde on "Climatic Control."
Prof. G. Dawes Hicks on "The Philosophy of Henri Bergson."
Mr. D. Jones on "The Phonetics of English."
Dr. F. W. Thomas on "Nouns and Verbs."
Mr. D. Jones on "Experimental Phonetics."
Mr. D. Jones on "The Phonetics of French."
Prof. E. A. Gardner on "The Principles of Architectural Sculpture."
Mr. M. O. B. Caspari on "Capital and Labour in Ancient Rome."
Prof. Sir John Macdonell on "The Shifting Basis of Criminal Law."
Mr. H. L. Joly on "Japanese Art and Handicrafts."
Mr. Edmund G. Gardner on "The Middle Ages in the Divina Commedia." (Barlow Lectures.)

The further development of Public Courses of Lectures is one of the more recent features of College work. The following lectures have been delivered during the year :—

Mr. H. V. Lanchester on "Town Planning." (Carpenters' Company Lectures.)
Mr. J. A. Gotch on "English Domestic Work in Architecture." (Carpenters' Company Lectures.)
Dr. A. K. Coomaraswamy on "Mediæval aud Modern Indian Painting."
Dr. C. Collin (of the University of Christiania) on "Ibsen and Björnsen."
Mr. E. Castberg (Ex-Minister of Justice of Norway) on "The Legal Position of Women in Norway."
Miss A. M. Anderson (H.M. Principal Lady Inspector of Factories) on "Recent Developments of Industrial Law."

Sheikh Ali Gandour on "Arabic Historical Text" (delivered in Arabic).

Professor Kuno Meyer on "The Life and Work of Heinrich Zimmer."

The total number of persons attending Public Lectures (either single Lectures or Courses) during the Session is about 2,750.

Co-operation with the London County Council.

The arrangement with the London County Council whereby properly qualified students of the London Day Training College take their Degree Courses at University College has now been in operation for nearly eight years. Each year it works with greater smoothness, the students of the Day Training College being recruited more and more from Secondary Schools and being better able to avail themselves of the teaching of the College. Of the students who entered in the fifth year, 20 completed a full three years' course and took their degrees; of these, 11 graduated in Arts (B.A.), 9 taking Honours, and 9 graduated in Science (B.Sc.), 6 taking Honours.

The Committee have been glad to co-operate with the London County Council in providing University Courses for Teachers in Mathematics, French, German, Greek Art, Phonetics, Philosophy, Psychology, Geography, and History. The thirteen Courses that have hitherto been held this Session have been attended by about 780 Teachers. In addition to the Seminar Class for History referred to in the last Report, a second or Pro-Seminar Class has been instituted for those who, desiring to undertake research work, had not been previously sufficiently trained.

Postgraduate Courses.

The further organisation of Postgraduate Courses recorded in the last Report has proceeded during the past Session, with the result already recorded that the number of Postgraduate and Research Students has increased from 308 to 423. A special Prospectus of Postgraduate Courses has again been issued and is to be found in the Calendar.

Publications.

The lists of Original Papers and other Publications during the year 1909–10 are appended to this Report. (See Appendix III. pp. 45–59.)

FACULTY OF ARTS.

During last Session 138 Students of other Colleges attended intercollegiate courses in the Faculty of Arts in this College and 77 Students of this College attended similar courses at other Colleges.

There has been steady progress in the work of the Departments of the Faculty, and a marked increase in the amount of advanced work. This is already making the accommodation provided in 1907 insufficient.

Experimental Psychology.

This is especially the case with one of the newest Departments, namely, that of Experimental Psychology. The past Session has seen in that Department a remarkable progress of research, and this research has been aided by the generous assistance of the London County Council in permitting observation work to be carried on in some of their Schools. The Higher Diploma for Teachers now granted by the University will undoubtedly prove a further stimulus to this work.

History.

The History curriculum has been modified with the object of encouraging the study of Ancient History as an integral part of the History School. A further development in History has been made by the institution of an Evening Course by Mr. Caspari in Ancient History, with the view of providing a complete five-year Course for adult Students in History in the evening.

Political Economy.

The work of the History Students has been very much aided by the development in the Department of Political Economy of Courses supplementary to the purely historical Courses.

Celtic Languages and Literatures.

Owing to the generosity of an anonymous benefactor, the Course in Celtic was continued during last Session, and, by means of a grant from the University and of continued aid from the same benefactor, an extension of the work has been arranged this Session. The gift of the Whitley Stokes Library makes the permanent endowment of a Chair the more desirable and appropriate.

Egyptology.

The field work of the Department of Egyptology has been continued at Memphis, and has been extended to Meydum. During the past season, work of great interest on the architecture and tomb sculptures has been carried out, and the exploration of the great temple at Memphis has been successfully started. A two years' Training Course in Egyptology has been instituted, in which Professor Petrie is aided by Professor Gardner, Professor Thane, Miss Murray, and Dr. Walker; also by the lectures in Anthropology delivered under the Martin-White benefaction.

Phonetics.

The efficiency of the Departments of Modern Languages is being extended and aided by the work done under the Lecturer in Phonetics. The Courses in Phonetics have been extended so as to provide a complete training in the theory and practice of Phonetics, for those who desire to utilize Phonetics for the purposes of teaching. There are, in addition, Courses in Phonetics for foreign students.

Indian School.

The Indian School continues its important public work under the Board of Indian Studies and under the Censorship of Professor Neill. Last Session, fifteen candidates elected to pass their year of probation at the College. They all passed the final examination and have proceeded to India. The highest places taken by College Students were: first, second, and fourth places in the Penal Code; two second places in the Law of Evidence; fourth place in Indian History; and first place in Hindu and Mohammedan Law, with special distinction.

Oriental Studies in London.

The Committee regret that no action has as yet been taken in connection with the Report on the Organisation of Oriental Studies in London, but they understand that this matter is delayed pending the decisions of the Royal Commission.

School of Architecture.

The growth of the School of Architecture is continuous and steady. The accommodation provided in the old Bursar's House at the north-west end of the College is no longer sufficient to house the Department. A proposal is now under the consideration of a Special Committee to combine the two Schools of Architecture of University and King's Colleges, with a view to making one effective University School of Architecture for London. The Carpenters' Company have continued their generous support to the Department and, owing to their aid, special Courses of Public Lectures on Town Planning and on English Domestic Work in Architecture have been held.

Slade School of Fine Art.

The activity of the Slade School of Fine Art has been well maintained, and there has been a slight increase in numbers. The pressing need for accommodation for a Department of Sculpture must again be emphasised. It was pointed out in the last Report that some of the rooms at present occupied by the Chemistry Department could be utilised for the accommodation of a School of Sculpture. This is a further ground for urging on the completion of the scheme for new Chemical Laboratories as rapidly as possible.

FACULTY OF LAWS.

The intercollegiate arrangements in the Faculty of Laws have continued to prove satisfactory. There is a steady growth in the number of Students, both undergraduate and postgraduate.

The Law Library is now open on three evenings in the week to meet the needs of these Students, and is used by a considerable number of them.

Public Law Lectures.

The new feature of the year is the establishment of special Public Lectures and Public Courses in Laws. Three Lectures were given last session under this scheme, namely, "The Legal Position of Women in Norway" by Mr. E. Castberg, Ex-Minister of Justice of Norway; "The Conflict of Modern Marriage Laws" by Professor Sir John Macdonell; and "Recent Developments of Industrial Law" by Miss A. M. Anderson, H.M. Principal Lady Inspector of Factories. At the opening of the present session, Lord Shaw of Dunfermline gave a Lecture on "Legislature and Judiciary," at which the Chair was taken by the Right Hon. R. B. Haldane, Secretary of State for War; Mr. H. D. Hazeltine gave a Course of Lectures at King's College on "The Law of the Air"; and a Course by Mr. W. W. Buckland on "Roman Anticipation of Modern Equity Principles" has just been completed. These Lectures have all been well attended, that by Lord Shaw attracting several of the Judges and leading members of the Legal Profession.

FACULTY OF SCIENCE.

In this Faculty intercollegiate co-operation is developed by courses of University Lectures open to all Students of the University. Such courses are special and postgraduate in character. Seven of these were given last Session.

Applied Mathematics.

The nature of the work of the Department of Applied Mathematics, including the Biometric Laboratories, and the Galton Laboratory, is indicated by the remarkable output of original publications. The first part of the monograph on Albinism in Man, text and plates, forming the sixth of the Drapers' Company Research Memoirs, has just been issued. The renewal of the grant of the Worshipful Company of Drapers has made the maintenance of this great activity possible. The Department requires more space to carry out effectively the demands made upon it.

Botany.

The Department of Botany has felt the benefit of its new and extended quarters, which constitute a compact Department instead of a number of rooms scattered about the College buildings.

Geology.

The work of re-organising and developing the Museum of Geology has progressed steadily. A new wall-case has been added for the

display of rock structures and for specimens of sedimentary rocks. Mr. Wilson has presented a valuable collection of microscope slides of rocks and hand specimens of rocks and minerals, and Mrs. Moir a core of rock from Cape Colony. Professor W. Rippmann has presented a specimen of Sordawalite. Rock specimens and fossils have been added from the following districts, to which expeditions were made during the year:—Llangollen, Dufton and Appleby (Westmorland), Shap, Middleton in Teesdale, and Grange-over-Sands.

Zoology. The Department of Zoology needs further room. This will be attainable when the new Institute of Anatomy, forming part of the block for Medical Sciences, has been built, as the rooms now occupied by Anatomy can then be used for the extension of the Biological Departments. The re-arrangement of the Zoological Museum has been begun. An additional case has been fitted up in the Vertebrate Department for the reception of osteological material. The principal additions to the Museum during the last year consist of a donation by Professor G. Elliot Smith of a series of spirit specimens of Primates, of casts of the teeth of Ornithorhynchus acquired by exchange from Professor G. C. Bourne, of casts of various reptilian and mammalian skeletal parts also acquired by exchange from the Natural History Museum, South Kensington, and of specimens of fossil fish and fossil invertebrates (principally molluscs) and a plaster cast of an Ichthyosaurus head purchased. Numerous specimens in the Museum have been remounted, and additions made to the collection of lantern slides and microscopic preparations.

Chemistry. The urgent need of new buildings for the Departments of Chemistry and Pathological Chemistry has been dealt with elsewhere. The activity of the departments in the way of original work is well maintained. There were 48 research students during the past Session, and several who applied could not be admitted owing to lack of room. The Departments of Chemistry, and the College generally, have experienced a heavy loss through the departure of Mr. E. C. C. Baly.

FACULTY OF MEDICAL SCIENCES.

Physiology. The new Institute of Physiology has proved to be well planned for its purpose. The whole of the work of the Department, and especially the research work, can now be carried out under satisfactory conditions.

Anatomy. In the Anatomical Museum, the arrangement of the Quain Collection of Dried Specimens has been proceeded with, and a new manuscript catalogue made of the preparations in the wall-cases. A series of wax models showing the development of the external, middle and internal ear, has been added to the collection.

Hygiene and Public Health. In the Department of Hygiene and Public Health a Course on School Hygiene, conducted last session by Professor Kenwood and Dr. Meredith Richards, was well attended, and at its close Certificates of Proficiency were given to eleven candidates. In addition to this Course, an advanced Course in School Hygiene was arranged in April, and consisted of a series of Lectures, Demonstrations, and Visits to certain specially selected school premises. The Lectures were given by eleven different Lecturers, each of whom was selected to deal with the department of the subject with which he was specially familiar.

FACULTY OF ENGINEERING.

Progress has been made in the re-equipment of the Engineering Departments.

The Electrical Engineering Department is now provided with a room equipped with everything necessary for the Photometry of Electric Lamps. The apparatus for Wireless Telegraphy has been completed and communication has been established by its means between the College and King's College. Several new dynamos of various types have been acquired, and the Department is now well equipped in this respect for teaching and research. The attendance at the Postgraduate Lecture Courses given by Professor Fleming continues to be very large. Nearly 80 Students are attending his Course this year on Advanced Electrical Measurements. In fact, applications for admission have to be refused, as the Lecture Room in the Electrical Department will not accommodate more. The quality of the students is also high. Many of them are Engineers sent by the General Post Office, Telephone Companies and Cable Companies, for the benefit of the advanced instruction provided in these Courses.

In the Mechanical Engineering Department, the more noteworthy additions are a Suction Gas Producer Plant with 18 H.P. Engine and a 10-ton Wicksteed self-balancing testing machine and autographic recording apparatus for testing in tension, compression, bending and torsion.

Special features of the work last year were:—The Course of Postgraduate Lectures by Professor Fleming on the Propagation of Electric Currents in Telegraphic and Telephonic Lines; a Course of Advanced Lectures of a like kind on Steam Turbines by Mr. Goudie and Mr. Izod; and a Course on Recent Developments in Surveying by Mr. Ormsby.

A Scheme for the institution of a lectureship in Heating and Ventilating Engineering has been approved by the Senate, and the arrangements for giving effect to it are in progress.

Negotiations have been conducted between the University and the Imperial College of Science and Technology, with the object of co-ordinating the higher instruction in Engineering at University College, King's College, and the City and Guilds College, and have resulted in proposals which will shortly be submitted to the Senate of the University and the Governing Body of the Imperial College.

THE LIBRARIES.

The Whitley Stokes Library.

Reference was made in the last Report to the presentation to the Senate for University College of the valuable Celtic Library of the late Dr. W. Whitley Stokes by his daughters, the Misses Stokes. This Library was formally presented on Friday, December 9th, 1910, by Sir Charles Lyall, K.C.S.I., and Professor Kuno Meyer, Ph.D., acting on behalf of the donors. It was accepted by the Vice-Chancellor (Professor M. J. M. Hill, F.R.S.), the Chairman of the College Committee (the Right Hon. Lord Reay, G.C.S.I., G.C.I.E.), and the Chairman of the College Library Committee (Professor W. P. Ker, M.A., LL.D). The ceremony was performed in the General

Library of the College in the presence of the Misses Stokes and a large gathering of the friends of the late Dr. Whitley Stokes.

A volume containing a verbatim report of the speeches on this occasion will shortly be issued.

The Whitley Stokes Library consists of about 3500 volumes and pamphlets, many of which are presentation copies from the writers to Dr. Stokes, and contain valuable notes and additions, either by him or by the authors. About one-third of the books, and most of the pamphlets, bear exclusively and expressly upon Celtic studies; while the greater part of the remainder of the library consists of works of philology and folk-lore, which were collected by Dr. Stokes mainly because they illustrated his Celtic researches. The main strength of the library lies in the collection of martyrologies, lives of saints, and other works of early Irish religious literature. Many of these Irish Martyrologies were edited by Dr. Stokes himself, and have copious MS. notes and emendations by him, which add greatly to the extraordinary importance and interest of the library for Celtic scholars. A Catalogue of the Collection is being prepared.

Accessions.

The accessions to the Mocatta Library have consisted of 326 volumes, 281 by purchase, and 45 by presentation. The accessions to the other Libraries, by gift and purchase, during the year, amount to about 3100 volumes. A list of donors, to whom grateful thanks are accorded, will be found in Appendix II, pp. 41-44.

The Library of the Society for Franciscan Studies has been housed in the College. It is at present placed with the Barlow Dante Library.

A section dealing with Military History has been formed in the History Library.

Strong Room.

The fire-proof strong room, which was constructed during the Long Vacation of 1909, has been fitted up with shelving. There have been removed to it from the other College Libraries:—

(i) MSS.
(ii) Books printed prior to 1500.
(iii) Books printed in England prior to 1640.
(iv) Other books of particular value or rarity.

The Strong Room contains two storeys, and it could, if necessary, be so fitted up as to contain a very much larger number of books and MSS. It is very important that the Libraries should be enriched by the possession of certain MSS., many of which are known to be in private collections. It is impossible for these to be acquired out of the ordinary income of the Libraries. Special benefactions and grants are needed for the purpose.

Accommodation.

A book-store has been constructed above the Strong Room, and has been filled by about 8000 volumes. The accommodation for books is still, however, insufficient. The Library Committee has again suggested that by constructing galleries down each side of the Science Library to the point where the Zoological Laboratory begins, space could be found for about 50,000 volumes. The construction of at least one such gallery is a matter of extreme urgency, and both will be needed shortly. Until such a book-store is constructed, the condition of the Libraries cannot be regarded as satisfactory, nor can

all the books in the Library be accessible. The Yates Library needs more space for books, owing to the acquisition of the Bunnell Lewis bequest; the History Library needs more space for readers; and the English Library needs more space for both books and readers.

Catalogues.

A catalogue of the works in the College libraries relating to Dante has been prepared by the Librarian, and may be obtained at the College or from booksellers at the price of 5*s*. A catalogue of periodical publications in the College Libraries is in the press.

Access to the shelves.

During the Session 1909–10, 142 students held keys of the Science Library, and 155 of the different Arts Libraries. There are 547 borrowers on the register, and 4210 books were issued for home-reading.

EVENING AND VACATION LECTURES AND MEETINGS.

The College has been open during the past Session five evenings in the week for the purposes of special work, mainly of a postgraduate nature.

The meetings of the Philological Society, the Students' Political Economy Club, the Geologists' Association, the Jewish Historical Society, the University Musical Society, and the Law Students' Society are held regularly in the College.

The College has been made the headquarters of the Historical and English Associations. The Executive Committees of these bodies meet in the College, and the Annual Meetings are also held there.

The University Holiday Course for Foreigners was held at the College during the Long Vacation.

The College was the headquarters of the Anglo-German Students' Committee, formed for the purpose of promoting the interchange of visits between Students of the two countries. The Annual Conferences of the Parents' National Educational Union and of the British Constitutional Association were also held at the College.

A party of Russian Students from the Technological Institute at St. Petersburg paid a visit to the Engineering Departments during the Long Vacation.

RESIDENTIAL HALLS.

The social life of the College continues to derive a marked advantage from the Residential Halls, which provide collegiate residence for some of its students.

The first Warden of University College Hall, Ealing (Mr. S. H. Wood) has resigned his office on being appointed an inspector under the Board of Education. Mr. Wood's tenure of the wardenship was markedly successful. He has been succeeded by Mr. Kenneth E. Kirk.

College Hall, Byng Place, under the new Principal, Miss Lindsell, has been quite full and measures for its improvement and development are under consideration.

UNION SOCIETIES AND OTHER STUDENTS' ACTIVITIES.

Officers' Training Corps.

The University of London contingent of the Officers' Training Corps has now been in existence two years. At the close of last Session it numbered 843 Cadets and 28 Officers. Of these, 1 Officer and 16 Cadets of the Artillery, 6 Officers and 169 Cadets of the Infantry, 3 Officers and 63 Cadets of the Medical Unit, and 1 Officer of the A.S.C. Unit were members of the College. Since the last Report, one member has taken a commission in the Regular Army, three have taken commissions in the Special Reserve, one has taken a commission in the Territorial Force, whilst many others have decided to become Officers as soon as they are qualified. The work of organisation and of development is still in its early stages. Much could be done if the Junior (or School) and Senior (or University) divisions were more completely linked together. There should be some system of transfer from the Junior to the Senior Division. Another urgent matter in this connection is that the work of training within the Officers' Training Corps should receive recognition from the University, so that the men who undertake it may obtain some relief to their over-burdened time-tables. Finally, the movement requires more financial support than seems at present to be forthcoming.

Union and other Students' Societies.

The reports of the Students' Societies show that the corporate life of the College is in a healthy condition. The Union Society report a membership of 449.

The Foundation Oration was delivered by Professor J. H. Morgan on "Three of our Founders: Mill, Austin, and Grote," and the Foundation Play was performed on the new stage erected in the Gymnasium.

The equipment of the Men's Athletic Ground at Perivale has been carried a further stage towards completion by the erection at a cost of about £2,400 of a commodious Pavilion, designed by Mr. A. G. James, formerly of the Architectural Department. The total cost of the Athletic Ground with its equipment has been about £7,350. Of this amount £3,400 is at present represented by £1,000 in loans from members of the College and £2,400 on mortgage. The reduction of this liability is an urgent necessity.

The Women's Union Society report a year of steady progress, but of some anxiety owing to the cost of their Athletic Ground and Pavilion, amounting to £1,912, of which £1,200 has still to be permanently provided. It has been temporarily lent by friends of the Society at a low rate of interest.

The Students' Representative Council, the Musical Society, the Union Debating Society, the Athletic Union and the Law Students' Society of the University meet from time to time at the College, and have received the active support of its students.

The St. Christopher's Working Boys' Club, which provides healthy amusement for about 250 working lads living in the immediate neighbourhood of the College, has been successfully carried on during the past year under the auspices of the Christian Association of the College. In addition to the work done in the Club quarters in Fitzroy Square, a Summer Camp extending over three weeks was organised at Clacton.

Old Students' Association.

The Old Students' Association organised three evening meetings at the College last Session. The President for the current Session is Mr. George A. Aitken, of the Home Office, and the Secretary is Mr. Denison B. Byles, of the Metropolitan Water Board. During the year the Association have organised, in addition to ordinary meetings, the Old Students' Dance and Cricket and Golf Matches between past and present Students. The Association has also approved a scheme for the institution of a Guild of Graduates. In this connection, a Dinner was arranged for the Graduates of the year on Presentation Day, at which about 80 persons were present, the hosts being the Provost and the Deans.

THE PEEL FUND.

The income of the Peel Fund was expended in grants for the purchase of books made to the following Institutions:—

(1) Glasgow University Students' Settlement (£10).
(2) " Ceiriog " Memorial Institute, Glynceiriog (£10).
(3) Guildford Institute (£8).
(4) Scarborough Adult School (£5).
(5) Working Men's Institute, Gillingham (£5).

ANNUAL SUBSCRIPTIONS AND DONATIONS promised and paid for the Current Session.

	£	s.	d.
An Old Student of the Zoological Dept. per Prof. J. P. Hill	*2	10	0
Anonymous (per Prof. Karl Pearson)	*15	0	0
Anonymous (per Prof. Starling)	*50	0	0
Mr. Walter Baily	10	0	0
Dr. W. M. Bayliss	10	0	0
Mr. E. Filliter	3	3	0
Mr. F. Douglas Fox	1	1	0
Professor Vaughan Harley	*50	0	0
Sir Victor Horsley	*65	0	0
Mr. J. Rose Innes per Prof. F. T. Trouton	*35	0	0
Mr. W. H. Lever	10	0	0
Mr. M. T. Ormsby	*1	1	0
Sir John Rotton	5	5	0
Sir John Rotton	*50	0	0
Sir Isidore Spielmann	3	3	0
Professor G. D. Thane	*2	0	0
Mr. Thomas Wilson	3	3	0
Mr. A. Wohlgemuth	*20	0	0
Miss A. A. Wood	*1	0	0
	£337	6	0
Brought forward from Session 1909–10	67	5	0
	£404	11	0

* For special purposes.

APPENDIX II.

DONATIONS TO THE LIBRARY DURING THE YEAR ENDING DECEMBER 31ST, 1910.

	Vols.	Pmph.
Academia de Ciencias, Madrid ..	2	0
,, Polytechnica del Porto .	2	0
Académie des Sciences de Cracovie	3	0
,, Impériale des Sciences. de St. Pétersbourg..	1	0
,, Royale de Belgique ..	3	0
Academy of Natural Sciences, Philadelphia	1	0
Accademia della Scienze fisiche, Napoli	1	0
,, Pontaniana, Napoli ..	2	0
M. Adler, Rev. H.	2	0
Advisory Board of Consulting Engineers, New York	1	0
"Agricultural Economist," Publishers of the	1	0
Agricultural Research Institute, Pusa	1	5
Alberta, Government of	1	0
Alleghany Observatory	0	6
American Academy of Arts and Sciences	1	0
M. ,, Jewish Historical Society	1	0
,, Museum of Natural History.....	1	1
,, Philosophical Society ..	1	0
,, Society of Civil Engineers	6	0
,, Urological Association .	3	0
Aristotelian Society	1	0
Ashby, Mrs.	2	0
Astronomer Royal	3	0
"Athenæum," Publishers of	2	0
Australian Museum, Sydney	1	0
Barnett, Prof. L. D.	3	0
Batavia, The Observatory.....	1	0
Bayliss, Dr. W. M.	1	0
Belléli, L.	0	1
Berlin, Königliche Technische Hochschule.....	1	0
,, Korp. der Kaufmannschaft	0	2
M. Berliner, Prof. A.	2	0
Birmingham and Midland Institute	0	1
Board of Education	1	3
,, of Trade	9	0
Bode, Mrs. M.	2	0
Boston Society of Natural History	1	0
Brandin, Prof. L. M.	1	0
Brazil, Government of	1	0
British Association	7	0
,, Astronomical Association .	3	1
,, Museum	26	18
Bureau of British Marine Biology.	0	1
,, of Standards, Washington	1	0
Bury, Prof. J. B.	1	0
Butler, Mrs. A. J.	7	0

APPENDIX III.

List of Original Papers and other Publications from the various Departments of the College (as printed in the Calendar, 1910–11).

Department of Latin. (Professor A. E. Housman.)

Professor A. E. Housman.

(1) *Vester=tuus.* (*Classical Quarterly*, iii. pp. 244–8.)
(2) Carm. Bucol. Einsidl. ii. 34. (*Ibid.* iv. pp. 47–8.)
(3) On the Aetia of Callimachus. (*Ibid.* iv. pp. 114–20.)

Department of Greek. (Professor Arthur Platt.)

Professor A. Platt.

(1) On the Indian Dog. (*Classical Quarterly*, Oct. 1909.)
(2) Notes on Julian's Epistles. (*Ibid.* Oct. 1909.)
(3) On Horace, *Serm.* II. viii. 15. (*Classical Review*, Sept. 1909.)
(4) Notes on the new Callimachus. Berlin. Philolog Wochenschrift, Apr. 9, 1910. (*Classical Quarterly*, May 1910.)

Department of Comparative Philology. (Professor J. P. Postgate.)

Professor J. P. Postgate.

(1) Flaws in Classical Research. (*Proceedings of British Academy*, vol. iii.)
(2) Two notes on Tibullus. (*Classical Review*, vol. xxiii. pp. 186 *et seqq.*)
(3) Correction of Horace, *Satires*, Book II. etc. (*Hermathena*, no. xxxv. pp. 416-24.)
(4) Three Latin Etymologica. (*Indogermanische Forschungen*, vol. xxvi. pp. 115-118.)
(5) Horatiana. (*Classical Quarterly*, vol. iv. pp. 106–111).
(6) Dead Language and Dead Languages, with special reference to Latin. (An inaugural lecture delivered before the University of Liverpool.) Murray.

Department of Sanskrit. (Professor L. D. Barnett.)

Professor L. D. Barnett.

(1) The Path of Light: rendered into English from the Bodhicharyāvatāra of S'ānti-deva, a manual of Mahāyāna Buddhism. (Wisdom of the East Series.) London, 1909.
(2) The Paramārtha-sāra of Abhinava-gupta: text and translation. (*Journal of the Royal Asiatic Society*, July 1910.)
(3) Reviews in the *Journal of the Royal Asiatic Society*, etc.

Department of Pali and Buddhist Literature.
(Mabel Haynes Bode.)

MABEL H. BODE.

The Pali Literature of Burma. (*Royal Asiatic Society, Prize Publications Series*, vol. ii., 1909.)

Department of Hebrew. (Professor H. Gollancz.)

Professor H. GOLLANCZ.

Service Book for New Year and Day of Atonement, Hebrew and English. 1909.

North Semitic Epigraphy (Dr. H. Hirschfeld.)

Dr. H. HIRSCHFELD.

(1) The Diwān of Hassān b. Thābit, edited. ("E. J. W. Gibb Memorial" Series, vol. xiii.)
(2) An English Voice on the Emancipation of the Jews. (*Transactions Jew. Histor. Soc.* vol. vi.)
(3) Review on Prince Teano's 'Annali dell' Islam,' vol. ii. (*Journ. Roy. Asiatic Soc.* Jan. 1910.)

Department of English. (Professor W. P. Ker.)

Professor W. P. KER.

(1) "Tennyson." The Leslie Stephen Lecture: Cambridge, 1909.
(2) On the History of the Ballads, 1100–1500. (*Proceedings of the British Academy.*)
(3) The Early Historians of Norway. (*Saga Book of the Viking Club*, 1910.)

Mr. R. W. CHAMBERS.

(5) The Mythical Ancestor of the Kings of East Anglia. (*Mod. Lang. Review*, iv. pp. 508–9; *Miscellaneous Notes.*)

Department of French. (Professor L. M. Brandin.)

Professor L. M. BRANDIN.

(1) Different Reviews in *Romania*, the *English Historical Review*, and *Le Français.*
(2) Aucassin et Nicolete 21, 8.
(3) Vie de St. Léger, cxi. 2.

Mr. SYDNEY BULLETT.

(4) The British Museum Manuscript Arundel 230, with particular reference to the Psalms and the Livre des créatures. (M.A. Thesis.)

Department of German. (Professor R. Priebsch.)

Professor R. Priebsch

(1) Description of some German MSS. in English Private Libraries sent to the Archives of the Royal Prussian Academy of Science.
(2) Eine mittelniederländische Mystiker-Handschrift. (*Mod. Lang. Review*, v. 2, p. 178 etc.)
(3) Unbekannte Briefe von *F. H. Jacobi*, *Chr. Bretano* (an *H. Crabb Robinson*), *M. Arndt* (an *H. Crabb Robinson*), *K. Immermann* u. *Th. Storm* (to appear in the autumn number, 1910, of the *Zeitschrift f. Bücherfreunde*).

Mrs. J. Crosland.

(4) Review of 'Goethe und die Seinen' von L. Geiger. (*Mod. Lang. Review*, iv. 4, p. 567.)

Dr. L. Willoughby, M.A.

(5) Two unpublished M.H.G. Poems on 'Die XV. Zeichen' and 'Das letzte Gericht.' (M.A. Thesis.) (*Mod. Lang. Review*, v. 3.)

Department of Phonetics. (Mr. D. Jones.)

Mr. D. Jones.

(1) A Chart of English Speech Sounds, 2nd edition. (*Oxford University Press*, 1909.)
(2) *Le Maître Phonétique.* (Official Organ of the International Phonetic Association, editor P. Passy, assistant editor, D. Jones.)

Department of History. (Professors F. C. Montague and A. F. Pollard.)

Professor A. F. Pollard.

(1) Various articles in the 10th edition of the *Encyclopædia Britannica.*
(2) Various reviews in the *English Historical Review.*

Mr. Caspari.

(3) A section on Greek History in the *Year's Work in Classical Studies*, 1909.
(4) A note on Suetonius, *Divus Julius*, Ch. 79. § 4. (*Classical Review*, Sept. 1909.)
(5) A Rejoinder on the above. (*Classical Review*, Dec. 1909.)
(6) A note on Antiphon Περὶ Μεταστασεως. (*Classical Quarterly.*)

Department of Archæology. (Professor E. A. Gardner.)

Professor E. A. Gardner.

(1) Six Greek Sculptors. (Duckworth, 1910.)
(2) Religion and Art in Ancient Greece. (*Harper's Library of Living Thought*, 1910.)
(3) Various reviews on Ancient Art and Archæology in the *Athenæum*, 1909–1910.

(4) Review of Dr. Farnell's 'Cults of the Greek States,' Vol. V. (*The Hibbert Journal*, 1910.)
(5) The Criteria of Artistic Progress. (Presidential Address to the S.E. Union of Scientific Societies, 1910.)

J. B. K. Preedy.

(6) The Chariot Group of the Mausoleum. (*Journal of Hellenic Studies*, 1910; M.A. thesis revised and abridged.)

Department of Egyptology. (Professor W. M. Flinders Petrie.)

Professor W. M. Flinders Petrie.

(1) 'Qurneh.' With chapter by Dr. J. H. Walker.
(2) The Palace of Apries (Memphis II.) With chapter by Dr. J. H. Walker.
(3) Arts and Crafts of Ancient Egypt.

Miss M. A. Murray.

(4) Material for Comparative Sociology of Ancient Egypt. (Herbert Spencer foundation.)

Department of Assyriology. (Dr. T. G. Pinches.)

Dr. T. G. Pinches.

(1) Some Mathematical Tablets of the British Museum. (*Hilprecht Anniversary Vol.*, pp. 73–78, Leipzig, 1909.)
(2) Notes upon the Assyro-Babylonian Aramaic Dockets. (*Florilegium dédié à M. le Marquis de Vogüé*, pp. 485–488, Paris, 1909.)
(3) The Discoveries by the German Expedition on the Site of Aššur. (*Proceedings of the Society of Biblical Archæology*, Feb. 9th, 1910.)
(4) Sennacherib's Campaigns on the North-West and his Work at Nineveh. (*Journal of the Royal Asiatic Society*, April 1910, pp. 387–411.)
(5) An Outline of Assyrian Grammar, with a short Sign-List, List of late Babylonian characters, and reproductions of Texts. 64 pp. Cuneiform type. (*H. J. Glaisher*, 1910.)
Birth (Assyro-Babylonian) in Hastings' Encyclopædia of Religion and Ethics, vol. ii.

Department of Philosophy. (Professors Carveth Read and G. Dawes Hicks.)

Professor Carveth Read.

(1) Natural and Social Morals. (Messrs. A. & C. Black, October, 1909.)

Professor G. Dawes Hicks.

(2) The Subject-Matter of Psychology. (*Proceedings of the Aristotelian Society*, 1909–10.)
(3) The Nature and Development of Attention. (*British Journal of Psychology.*)
(4) Review of Prof. R. Eucken's *Problem of Life.* (*Inquirer*, March 12, 1910.)
(5) Review of Prof. Windelband's *Die Philosophie im deutschen Geistesleben des XIX. Jahrhunderts.* (*Hibbert Journal*, July 1910.)

Dr. A. Wolf.

(6) Spinoza's Short Treatise on God, Man and his Well-being, translated and edited with an Introduction and a Commentary, and a new Life of Spinoza. (A. & C. Black, 1910.)
(7) Aristotle in Medevil Jewish Thought. (Routledge, 1910.)
(8) Pragmatism and Religion. (*The Jewish Review*, No. 1.)
(9) *Man's Origin* &c.: Review of Mr. H. MacColl's Book. (*Hibbert Journal*, Jan. 1910.)
(10) *The Meaning of Truth*: Review of Prof. William James's book. (*Hibbert Journal*, July 1910.)

Department of Experimental Psychology. (Dr. C. Spearman.)

Dr. C. Spearman.

(1) "Eine Korrelationsformel sowie Ihr Beweis." (Read before the Deutsche Gesellschaft für Experimentelle Psychologie and to appear in the Report.)
(2) Reviews in '*Mind*.'

Mr. J. Flügel.

(3) "Further Observations on the Variation of the Intensity of Visual Sensation with the Duration of the Stimulus." (*The British Journal of Psychology*, Vol. iii. part 2.)
(4) Some Methods for the Study of "Psychological" contrast. (Read before the British Psychological Society and presently to appear.)

Mr. A. Wohlgemuth.

(5) The After-effect of Sun Motion. (In the Press of the *British Journal of Psychology*.)

Department of Political Economy. (Professor H. S. Foxwell.)

Philip H. Wicksteed.

(1) The Common Sense of Political Economy. (Macmillan, London, 1910.)

Professor D. H. Macgregor.

(2) Shipping Conferences. (*Economic Journal*, June 1909.)

G. Udny Yule.

(3) The Application of the Method of Correlation in Social and Economic Statistics. (*Journ. Roy. Stat. Soc.*, Dec. 1909.)
(4) On the Distribution of Deaths with Age when the causes of death act cumulatively, and similar frequency distributions. (*Journ. Roy. Stat. Soc.*, Jan. 1910.)
(5) Onthe Interpretation of Correlations between Indices or Ratios. (*Journ. Roy. Stat. Soc.*, June 1910.)

H. D. Vigor.

(6) The Increased Yield per Acre of Wheat considered in relation to the Reduction of the Area. (*Journ. Roy. Stat. Soc.*, April 1910.)

Un Tuen Hsu.

(7) Reform in the Currency of China. (*Econ. Journ.*, June 1910.)

W. T. Layton.

(8) Wheat prices and the World's Wheat production. (*Agricultural Journal*, 1910.)

Department of Geography. (Professor L. W. Lyde.)

Professor L. W. Lyde.

APPENDIX V.

AUDITOR'S REPORT.

To the Senate of the
University of London.

GENTLEMEN,

Having audited the accounts of University College, with the books, accounts and vouchers for the year ended August 31st, 1910, I have to report as follows:—

The accounts presented consist of:—

1. *College Establishment Income and Expenditure Account.*
2. *College Trust Funds Income and Expenditure Account.*
3. *Physiology Institute Account.*
4. *Retiring Allowances Fund Account.*
5. *General Balance-Sheet of the College.*
6. *Trust Funds Balance-Sheet (including a Schedule of Invested Funds).*

1. COLLEGE ESTABLISHMENT INCOME AND EXPENDITURE ACCOUNT:

You will see that the result of the year's working (after including debtors and creditors) shows an Income of £43,655 16*s.* 7*d.* and an Expenditure of £43,942 6*s.* 11*d.*, or an excess of Working Expenditure over Income of £286 10*s.* 4*d.* (as compared with an excess of Working Income over Expenditure in 1908–9 of £617 13*s.* 10*d.*), which has been taken to the debit of Capital Account (see Balance Sheet, p. 76).

On August 31st, 1909 (as per the 1909 Balance Sheet), the "Re-arrangement and Re-equipment of Buildings Account" was in debit £6,599 10*s.* 10*d.*, against which there was a "Loan from Bankers" of £6,000. During the year, £10,000 was received from the London County Council as a Grant towards "Equipment and Re-equipment"; while £4,413 5*s.* 1*d.* was expended in this direction. Of the £10,000, £6,000 has been taken to the credit of the Suspense Account debit £6,599 10*s.* 10*d.*, while the balance of £4,000 has been placed against the £4,413 5*s.* 1*d.* expended this year, leaving £413 5*s.* 1*d.*, which has been taken to Suspense Account, making a total at the

debit of that Account of £1,012 15*s.* 11*d.* The Banker's Loan of £6,000 has been paid out of the Cash received.

This adjustment may more clearly be shown thus:

Dr.

1909.		£	*s.*	*d.*
Aug. 31.	To Balance of Re-arrangement, etc., of Buildings	6,599	10	10
1910.				
Aug. 31.	„ Expenditure on ditto in the year	4,413	5	1
		£11,012	15	11

Cr.

1910.		£	*s.*	*d.*
Aug. 31.	By Grant from London County Council..	10,000	0	0
	„ Balance of Equipment Account (in Suspense), see Balance Sheet (p. 77).	1,012	15	11
		£11,012	15	11

2. College Trust Funds Income and Expenditure Account:

As last year, not only the Receipts of the various Trusts, but the amount of Income available (after adjusting the previous year's balances) for employment in the year has been shown. It will be seen that the Income was £8,530 4*s.* 1*d.*, Receipts (£8,388 19*s.* 6*d.* in 1908–9) increased by the addition of the initial balances to £10,084 19*s.* 9*d.* (£9,485 8*s.* 11*d.* in 1908–9); while the Expenditure was £8,721 8*s.* 6*d.* (£7,930 13*s.* 3*d.* in 1908–9), leaving the balance to be carried forward £1,363 11*s.* 3*d.* (£1,554 15*s.* 8*d.* in 1908-9).

3. Physiology Institute Account:

This account is credited with £1,163 1*s.* 3*d.* received from the Equipment and Endowment Fund and the balance of the Mercers' Company contribution (£500): £363 12*s.* 9*d.*, making a total of £1,526 14*s.* 0*d.* expended on the Institute during the year; and £21,842 14*s.* 10*d.* altogether (see Balance-Sheet, p. 77).

4. Retiring Allowances Fund Account:

The "Rules and Regulations" of the Scheme provide, in connection with Accounts to be kept, that there shall be an "Augmentation Account," an "Income Account," a "General Cash Account" and a "Balance Sheet." These accounts (requiring a separate audit—as the Scheme says "The said several Accounts shall be audited and "certified once in every year and a proper Balance Sheet in relation "to the Fund shall be made out by the College Accountant and

"certified by the University Auditor") have not yet been prepared; but an account based upon the lines which I suggested (and which was adopted) last year and called "The Retiring Allowances Fund Account" has been prepared (see pages 74 and 75). It seems to me that, while it is necessary to have the internal accounts of the Fund prepared, as directed by the Scheme, the "Fund Account" is all that is necessary to be published with the College Accounts.

This Account has been credited with last year's balance £2,947 17*s.* 6*d.*, the Treasury Grant £500, Contributions £617 6*s.* 1*d.* and Interest £97 17*s.* 4*d.*, together £4,163 0*s.* 11*d.*; and debited with the Expenses of Administration £25 0*s.* 0*d.*, leaving a balance of £4,138 0*s.* 11*d.* (£3,589 4*s.* 4*d.* deposited with the Commercial Union Assurance Company, £542 1*s.* 3*d.* deposited with the Bankers, and £6 15*s.* 4*d.* Cash in the hands of the College); or an income of £1,190 3*s.* 5*d.* in the year. The Treasury Grants, £1,800 in former years, and £500 in 1909–10, together £2,300, have been applied in contributions to the Fund of £1,121 17*s.* 5*d.* last year and £612 6*s.* 1*d.* this, together £1,734 3*s.* 6*d.*, leaving £565 16*s.* 6*d.* available towards the current year's requirements.

The Senate resolved on February 23rd, 1910, as follows (see University College Minutes 1909–10, 85, page 38):—"That the "Pension Fund Accounts of University, King's and Goldsmiths' "Colleges be not entered on the Balance Sheets of those Colleges, "but be merely set forth in their General Accounts." Not being able to interpret the exact meaning of this Minute, and seeing that the University Trustees are the Trustees of this Fund, I have passed the inclusion of the balance items £4,138 0*s.* 11*d.* on both sides of the Balance-Sheet.

5. General Balance-Sheet of the College:

On the debit (or "Liabilities and Capital") side of the Balance-Sheet, you will find:—

	£	*s.*	*d.*
College General Capital Account ..... (including £30,000, £14,017 4*s.* 3*d.*, and £16,738 17*s.* 11*d.* received from the Equipment and Endowment Executive Committee.)	223,594	15	10
Trust Funds Revenue Account	1,363	11	3
Sundry Creditors	2,003	3	8
Retiring Allowances Fund	4,138	0	11
Outstanding Accounts and Unexpended balances	2,023	5	10
Total	£233,122	17	6

While on the credit (or "Assets") side we have :—

		£	s.	d.
College Freehold Land, Buildings, Furniture, Library, &c. (approximate valuation of 31st August, 1897)	£186,000 0 0			
Physiology Institute (Amount expended to date)	£21,842 14 10			
		207,842	14	10
Suspense Account (Re-arrangement and Re-equipment of Buildings)		1,012	15	11
Investments (Maintenance Fund)		14,017	4	3
Gower Street Houses (at cost)		4,500	0	0
Refectory Department, Plant, &c.		422	4	10
Outstanding Accounts		271	15	1
Mocatta Memorial Library Fund		100	19	11
Retiring Allowances Fund :—				
Cash on deposit at Commercial Union Assurance Company	£3,589 4 4			
Cash on deposit at Bankers	£542 1 3			
Cash in hands of University College	6 15 4			
	548 16 7			
		4,138	0	11
Cash at Bankers & in hand		817	1	9
		£233,122	17	6

6. Trust Funds Balance-Sheet (including a Schedule of Invested Funds):

On the debit (or "Liabilities and Capital") side of the Balance-Sheet you will find :—

	£	s.	d.
College Trust Funds Capital Account	274,466	17	3
Do. do. Revenue do.	1,363	11	3
	£275,830	8	6

While on the credit (or "Assets") side we have :—

	£	s.	d.
Investments at cost	274,466	17	3
Amount owing by the College (Trust Income in hand)	1,363	11	3
	£275,830	8	6

I have pleasure in again testifying to the care shown by your Accountant in his work, and to the improved condition of his books. I am glad to be able to add that the suggestions which I made as to alterations in the method of book-keeping, by which the work would be lessened, and which were approved by the Committee, have been carried out as from March 1st last, and are proving to be of considerable value in the saving of time and the lessening of liability to clerical errors.

I have to thank the Provost once more for his uniform courtesy and kindness.

I am, Gentlemen,

Yours faithfully,

G. WALTER KNOX,
Auditor to the University.

16 Finsbury Circus, London, E.C.
November 30th, 1910.

APPENDIX VI.
